

## **The Ecclesiastical Business Intern Program**

### **Are you ready to learn the industry and become a leader?**

If you are a recent university graduate who is committed to making a difference in the world, the Ecclesiastical Business Intern Program may be just right for you. Our program is a corporately-sponsored, accelerated learning opportunity. Aligned with our business strategy of 'home growing' talent, it combines a hands-on approach to learning that includes a rotational training component and sponsorship to the Chartered Insurance Professional (CIP) Program run by the Insurance Institute of Canada.

Our interns supplement their CIP coursework with practical property and casualty experience while gaining a comprehensive understanding of the insurance industry and Ecclesiastical's role as a specialty insurer within the Canadian market.
